**PIANO FORTES.**

OUR Last new addition to our different styles, is attracting the admiration of both critics and people. We mention specially some of the claims of this new Piano. Believing the exterior should be as beautiful to the eye as melody is to the ear, we have paid great attention to getting them up in a style that is conceded by all who have seen them to be the handsomest Piano Forte made. They are an entirely new style, with four full round corners, heavily carved legs and lyre, base richly moulded, and contains our latest improved scale and action. The tone is melodious, and its adaptability to the purposes of every shade of expression, from the softest murmurs, the Crescendo, and the P. F. gives the performer every advantage of the Concert Grand. Price \$500. 51-1f

**FLORENCE**  
**Sewing Machines.**

THE BEST IN THE WORLD!!

**Highest Premium, Fair American Institute.**

**Highest Premium, State Fair of California, 1866.**

It makes four different stitches, the lock, knot, double lock, and double knot, on one and the same machine. Each stitch being alike on both sides of the fabric.

Every Machine has the reversible feed motion, which enables the operator, by simply turning a thumb-screw, to have the work run either to the right or left, to stay any part of the seam, or fasten the ends of seams without turning the fabric.

Changing the length of stitch, and from one kind of stitch to another, can readily be done while the Machine is in motion.

The needle is easily adjusted.

Its motions are all positive; there are no springs to get out of order, and its simplicity enables the most inexperienced to operate it.

It does not require finer thread on the under than on the upper side, and will sew across the heaviest seams, or from one to more thicknesses of cloth, without change of needle, tension, or breaking thread.

The only machine having a self-adjusting shuttle tension—the amount of tension always being in exact proportion to the size of the bobbin.

The hemmer is easily adjusted, and will turn any width of hem desired.

It is almost noiseless, and can be used where quiet is necessary.

No OTHER MACHINE will do so great a range of work as the Florence.

**PROOFS OF THE SUPERIOR QUALITY**  
— OF THE —  
**American Watch**  
— MADE AT —  
Waltham, Mass.

The American Watch Company, of Waltham, Mass., respectfully submit that their Watches are cheaper, more accurate, less complex, more durable, better adapted for general use, and more easily kept in order and repaired than any other watches in the market. They are simpler in structure and therefore stronger, and less likely to be injured than the majority of foreign watches, which are composed of from 125 to 300 pieces, while in an old English watch there are more than 700 parts. How they run under the hardest trials watches can have, is shown by the following letter:

PENN. RAILROAD COMPANY.  
OFFICE OF THE GENERAL SUPERINTENDENT,  
ALTOONA, Pa., 16 Dec. 1866.

GENTLEMEN: The watches manufactured by you have been in use on this railroad for several years by our engineers, to whom we furnish watches as part of our equipment. There are now some three hundred of them carried on our line, and we consider them good and reliable timekeepers. Indeed, I have great satisfaction in saying your watches give us less trouble, and have worn and do wear much longer without repairs than any watches we have ever had in use on this road. As you are aware, we formerly trusted to those of English manufacture, of acknowledged good reputation; but as a class they never kept time as correctly, nor have they done as good service, as yours. In these statements I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of years.

EDWARD H. WILLIAMS,  
General Superintendent.

American Watch Co., Waltham, Mass.  
We make now five different grades of watches, named respectively as follows:

Appleton, Tracy & Co., Waltham, Mass.  
Waltham Watch Company, Waltham, Mass.  
P. S. Bartlett, Waltham, Mass.  
Wm. Ellery, Boston, Mass.  
Home Watch Company, Boston, Mass.

All of these, with the exception of the Home Watch Company, are warranted by the American Watch Company to be of the best material, on the most approved principle, and to possess every requisite for a reliable time keeper. Every dealer selling these watches is provided with the Company's printed card of guarantee, which should accompany each watch sold, so that buyers may feel sure that they are purchasing the genuine article. There are numerous counterfeits and imitations of our Watches sold throughout the country, and we would caution purchasers to be on their guard against imposition.

Any grades of Waltham Watches may be purchased of Watch Dealers throughout the country. ROBBINS & APPLETON, 152 Broadway, New York.

**LETTERS FROM EUROPE.**

**LETTERS FROM EUROPE,**  
BY JOHN W. FORNEY, ESQ.,  
Editor of the "Philadelphia Press" and "Washington Chronicle," and Secretary of the Senate of the United States.

Since the commencement of the publication of Colonel Forney's letters from Europe in the Press, the publishers of that paper have been in receipt of innumerable inquiries from those who wished to know if the correspondence would not appear in book form. In accordance with their requests, we will now state that these letters, carefully revised and re-written, with important additions, are now in press, and will shortly be given to the world, in a large duodecimo volume of 500 pages, by the publication house of T. B. Peterson & Bros., Philadelphia. It is so arranged as to make it a book which shall combine every feature of topographical excellence characteristic of the best publications of the firm. It will contain an excellent steel portrait of the author, engraved in the finest style of the art, by one of the best artists in the country, and it will be in every respect a work acceptable to the numerous friends of Colonel Forney.

It will be published in one large duodecimo volume of over 500 pages, bound in cloth. Price \$2. Bookkeepers, news agents, canvassers, and all others, are solicited to order at once what they may want of the above book, so that their orders can be filled from the first edition. Address all cash orders, wholesale and retail, to the Publishers of it.

T. B. PETERSON & BROTHERS,  
306 Chestnut st., Philadelphia, Pa.

Copies of the above book will be sent to any one in advance of the day of publication, to any place, postage paid, on receipt of retail price.

**WANTED—AGENTS AND CANVASSERS** in every country, town and village in the United States and Canada, to engage in getting subscribers to the above work.

NOTE FOR THE AGENTS.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. It is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor, the sick and troubled can derive themselves of their burdens of pain; lay aside their cares, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number nor the manner of directing your letters. **BROOKLYN**  
**LIFE INSURANCE COMPANY,**  
**OF NEW YORK.**

No Life Insurance Company in the United States has secured a greater degree of prosperity than the "BROOKLYN," which is fully merited by liberal dealing and able management. Policies are issued upon every plan of Life Insurance, and the rates are as low as offered by any equally sound company.

The Dividends are declared on the first day of January of each year, and are paid in cash, not scrip. They have not been exceeded by any other Company in the same space of time, and as it is a MUTUAL COMPANY, they are divided equally among the insured.

Every Policy issued is NON-FORFEITABLE, and UNCONTINGENT.

The course of the "Brooklyn" in promptly paying its losses is highly commended, not only by the people of the Atlantic States, but likewise meets the warm approval of those of the Pacific slope.

Reference is made to the insured in every city, town and village on this coast.

All Letters relating to the business of the paper should be addressed to the Publisher.

**TO SUBSCRIBERS.**  
No paper will be forwarded from this office unless the subscription is paid in advance. All papers discontinued when the subscription expires. The rule will be strictly enforced.

**CORRESPONDENCE.**  
Our friends everywhere, who may at any time have knowledge of facts of local importance—in accidents, accidents, mining news, doings of public meetings, improvements, curiosities, etc.—would confer a favor upon us and our readers generally by sending notice of the same to this office. Give us facts in any shape, and we will take care of them.

**COME HOME.**  
Come home! There is a sorrowing breath  
In music since ye went,  
And the early flower scents wander by  
With mournful memories blest,  
The tones in every household voice  
Are grown more sad and deep;  
And the sweet word—brother—wakes a wish  
To turn aside and weep.

O ye beloved! come home! The hour  
Of many a greeting tone,  
The time of health light and of song  
Returns and you are gone!  
And darkly, heavily it falls  
On the forsaken room,  
Burdens the heart with tenderness,  
That deepens 'midst the gloom.

Where finds it you, ye wandering ones?  
With all your boyhood's glee  
Untamed? Beneath the desert's palm,  
Or on the lone mid sea?  
By stormy hills of battles old?  
Or where dark rivers foam?  
O, life is dim where ye are not—  
Back, ye beloved, come home!

Come with the leaves and winds of spring,  
And swift birds, o'er the main!  
Our love is grown too sorrowful—  
Bring us its youth again!  
Bring the glad tones to music back!  
Still, still your home is fair,  
The spirit of your sunny life  
Alone is wanting there!

GEN. WOOL'S VIEWS.—In a letter to a friend, Gen. Wool says:

I am for the Union, the whole Union, and nothing less than the Union, and never dreamed that a State or States could leave the Union without power to resist the whole power of the United States, and able to maintain their independence. Nor has Congress or the Government of the United States the right to force a State out of the Union, that has been admitted and recognized as a State or States. Individuals, but not States, may be punished for treason and other crimes. With the Radicals, the Constitution is but a rope of sand, to be destroyed if they cannot force upon the South to place the negro, (four-fifths of whom are as ignorant of the institutions of the country as the mules they drive), on an equality with the white men, and but yesterday their masters. Opinions and prejudices which have existed for centuries cannot possibly be changed in this generation, much less in a day, month or year. It is asking for more than human nature can bear. The Northern people will never submit to such a degradation. They are as much opposed to it as the people of the Southern States, excepting those only who are abolition demagogues, whose maxim is "rule or ruin." They embrace the Bantons, Marats and Robespierres of the Union. Rather than rule they would leave their country a howling wilderness for the want of more victims to satisfy a raging thirst for blood.

NOT LAYMAN ENOUGH TO HURT.—A Marietta, (Ohio,) paper of a recent date is responsible for the following: "That moderate reputation at the bar is not regarded at the west as an insurmountable barrier to vital piety or membership in the church was definitely settled in this city a few years since. An interesting revival of religion had been in progress under the ministrations of presiding Elder B—, an able minister, and something of a wit. A young lawyer, Hiram L—, had been a regular attendant at the meetings, had several times gone forward to the anxious seat, yet seemed to be in no hurry to unite with the church. The sickle had been thrust in unsparring for several weeks

"Pledged but to Truth, to Liberty and Law,  
No favor sways us and no fear shall awe."

**SATURDAY, DEC. 7, 1867.**

**IMPEACHMENT.**—Two of the Radical members of the Judiciary Committee of the House of Representatives, Messrs. Wilson and Woodbridge, presented a minority report in which they declare "that the Committee has not a particle of evidence which could be received by any Court in the land. They declare that bad spirit should be laid aside, and the interest of the republic only be considered. They refer to legal authority to show that impeachment cannot be supported by any act which falls short of an indictable crime or misdemeanor. It says, viewed in the political light of the case, the President has disappointed the expectations of those who placed him in power, betrayed their confidence, joined hands with their enemies, and in this view deserves the censure of all good citizens; but that his political unfitness and incapacity must be tried at the ballot-box and not in a high Court of impeachment. It cautions against Mexican experiences as undesirable; there almost every election produces a revolution. Cool judgment of the future will decide. Political bitterness, they represent, has largely given tone to the majority report. We therefore declare that the testimony does not disclose such high crimes as, within the meaning of the Constitution, require the interposition of the constitutional power of this House; and we therefore recommend a resolution discharging the Committee from the further consideration of the subject of impeachment.

Marshall and Eldridge (Democrats) also submitted a report declaring the President's offenses to be his inability to follow the radical party in their mad assaults upon and departure from the constitutional Government. Their report declares that the majority report is not formed upon the facts elicited by the testimony taken by the Committee, but that it is a political opinion growing out of a difference of views on political questions. This spirit has animated the Committee throughout the whole investigation. The President has committed NO offense subjecting him to the official jurisdiction of the Judiciary Committee of the House.

**LEGISLATURE.**—The Senate organized by the election of L. D. Mizner as President pro tem; John White Secretary; W. F. Heustis, Assistant Secretary; F. S. Lardner, Sergeant at Arms; T. Mahoney, Assistant Sergeant at Arms; C. E. Burns, Minute Clerk; John E. Dent, Journal Clerk; W. H. Frink, Engraving Clerk; Walter L. Hawkins, Enrolling Clerk; and A. W. Perley and D. S. Marston, Copying Clerks. Rev. J. S. McDonald was appointed Chaplain; R. G. Harris, Night Watchman; Geo. W. Whitlock, Fireman; and Evans C. Clark, Messenger.

**ASSEMBLY.**—C. T. Ryland, Speaker; J. J. O'Malley, Speaker pro tem; John A. Eagan, Chief Clerk; John K. Luttrell of Siskiyou, Sergeant at Arms; Rev. T. H. B. Anderson, Chaplain.

**NEWSPAPERS.**—The Sacramento Record has been enlarged, and is now issued as a morning paper. A new literary paper, called the Golden Gate, has appeared in S. F. Walsh's Weekly Gossip is the latest paper, typographically speaking, in the State, and is as pretty as it is pretty. Messrs Bancroft & Co. will soon commence the publication of a religious paper, to be called the Occident, and edited by Rev. J. Ellis. It will specially be the organ of the Presbyterian Church on this coast. The S. F. Critic has enlarged and otherwise improved. It is "sharpening up" considerably. The Yolo Democrat is the name of a new paper started at Woodland, published by Henry & Co. A new paper has been started at Monterey. The Marysville Press will be published daily. The Petaluma Argus is for sale. The S. F. Call circulates 13,000 copies daily.

**CANDIDATES.**—A correspondent of the Alta, writing from Sacramento, in speaking of candidates, says:

For Sergeant at Arms, there are mentioned the names of Cunningham of Plumas, Barnes of Sonoma, Smith of Santa Clara, and Luttrell, of Siskiyou.

To give the names of all candidates for offices in this Legislature would require most of the columns of the Alta Supplement.

Boston has married Roxbury. The union was consummated week before last by a vote of 4 to 1. This makes Boston the fourth city in rank in the United States.

## FEES, SALARIES AND SUPERVISORS

The Sacramento Union of the 29th ult., in an article headed, "what shall be done to aid the Mining Counties," refers to the decrease in the value of real estate in a number of the mining counties during the past ten years, and cites as examples Amarillo, El Dorado, Calaveras, Tuolumne, Sierra and Mariposa, where "within the last ten years whole towns, once wealthy and prosperous, have sunk into decay and obscurity, and real estate that ten years ago was estimated at millions on the tax roll, is now of scarcely more than nominal value." The serious question, says the Union, is, "how long can this depletion of the vitality of the mining counties continue until the increasing rate of taxes there will compel them to repudiate their debts? Their taxes are already much too high. They keep out capital and freeze out enterprise. The old elements of population are constantly becoming poorer and the conditions are such as to bar out any new elements; and yet, just as property declines, the rate of taxation must be increased. By and by the property will not be worth its tax assessments, and then repudiation will be inevitable. We do not overdraw the picture. It can hardly be painted in colors darker than the reality. What are the remedies? Again we suggest such as seem to us the only ones capable of saving the mining counties from bankruptcy:—First the most rigid economy and retrenchment in local administration—cut down the pay of all your local officials to the lowest notch at which honest and competent officers can be obtained."

That is most sensible advice, and will apply to Plumas as well as the other counties mentioned. In this county the same fees are allowed to the county officers to day, as were allowed in '55. The salary of the Co. Judge is \$2,100. It should be reduced to at least \$1,500. The salary of the District Attorney is \$1,600. It should be cut down to \$1,000. The fees of the Clerk and Sheriff and, in fact, all of the county officers who are paid by fees, should be reduced at least one half, and then the offices would be good paying ones. A law should also be passed by the present Legislature, more clearly defining the powers and duties of the Board of Supervisors in the different counties. At present the whole management of the financial affairs of the county is under the control of the Supervisors, and in nine cases out of ten, in these counties which are heavily in debt, and the rate of taxation high, a thorough examination would prove conclusively that the main fault rests with the Supervisors. Men who have no business education whatever, who can hardly write their names, and have no financial ability—and in some instances not even common sense—are elected members of the Board of Supervisors. They know nothing of the duties of the office, and are too thick-headed to ever learn. But for the illegal allowances and appropriations, and extravagant expenditures of the Board of Supervisors during the past three years, Plumas county would to day be out of debt and have money in the treasury, and as in Plumas so it will be found to be in most of the counties now heavily involved in debt.

The Sacramento Union comments on the subject of the wants of the mining counties to the attention of the Legislature. So far as Plumas is concerned we must heartily concur in the Union's suggestion.

**STATE CAPITAL.**—A friend who seems to favor the removal of the State Capital from Sacramento, enquires, "Why the Union does not mention the subject, and advocate the removal as earnestly as it formerly did?"

We will answer: The reason and the only reason why we advocated the removal of the State Capital was to break down if possible the influence wielded by the Central Pacific R. Co. in the political affairs of this State. That Co., in connection with the Cal. Steam Navigation Co., have, for years past, controlled not only political parties, but the Legislatures. They are the vampires who have been sucking the life blood of the State. They are selfish corporations, greedy, revengeful and tyrannical. We never had any animosity towards Sacramento or her people. In fact, we do not believe the citizens of any other city in the State would, under the same circumstances, have shown as much energy, perseverance and liberality in improving and trying to keep up their city, as the people of Sacramento have done. They have taxed themselves heavily, raised the grades, improved the streets, and have at last succeeded in making Sacramento to a very respectable place, and now that the power of the above named corporations is broken, never we hope, to be regained, we are willing to see Sacramento retain the Capital, and go on her way rejoicing.

**CHANCE TO ECONOMIZE.**—The Times claims that none of the Democratic papers have as yet pointed out to members of the Legislature instances wherein they can inaugurate economy and reform in the management of public affairs. The complaint of the Times is a tacit confession, on its part, that the outgoing party has left behind ample opportunities for retrenchment and reform.—[Call.]

**BISMARCK** sent a silver spoon to a Milwaukee saloon-keeper, who named a baby after him.—[Ex.]

There is a chance for Ben. Butler. If he should happen to visit Milwaukee, that saloon-keeper would do well to keep a sharp look out for the baby and its spoon.

**CAUGHT HIM.**—The Radical members of the Senate, in nominating Mizner of Sonoma for President pro tem, played "smarty." He was one of the doubtful or weak-kneed brethren, and by giving him that position they, as they doubtless expected to do, have secured his vote and influence on all purely political questions which may come before the Senate during the session. There are one or two other members who were considered a little "shaky," but we presume they will be little watched and cared for.

## Perry Davis' Vegetable Pain Killer

Derives much of its popularity from the simplicity attending its use, which gives it a peculiar value in a family. The various diseases which may be reached by it, and in their incipient stages eradicated, are among those which are peculiarly fatal if suffered to run; but the curative magic of this preparation, at once disarms them of their terrors. In all respects it fulfills the conditions of a popular medicine.  
The "Biblical Recorder," in speaking of the Pain Killer, says:  
"We believe the public generally have great confidence in this medicine. The numerous testimonials in its favor from well known clergymen and missionaries are well calculated to convince any but the most skeptical. If there be any of our readers who still doubt touching the magic powers of Perry Davis' Pain Killer to relieve pain, we advise them to buy one bottle, and give it a trial. We never knew it to fail."

## A NEW ERA IN LITERATURE.

MR. FRANK LESLIE, one of the United States Commissioners to the Universal Exposition in Paris has availed himself of his visit abroad to introduce some new and very interesting features in his popular publications. He has arranged with a number of the leading authors and artists of Europe to furnish Novels, Narratives and Engravings, which will appear originally in his publications, instead of a second hand, or through the state expedient of what are called Advance Sheets, thus practically settling the copy right question by purchasing his literary material at first hand. This is a bold movement, and will prove to be a remunerative one, since "Honesty is the best policy." The first of these novelties is

## LOCAL ITEMS.

**SCHOOL.**—The District School in this place opened on Monday last, with Mr. W. R. Wilson, late of Crescent Mills, as the teacher.

**PURCHASED.**—Mr. Wm. Myers has purchased S. Sherman's interest (one-third) in the Argentine quartz mill and ledge, at Argentine.

**INSOLVENT.**—J. Waterworth has filed his petition in the County Court, praying to be discharged from all his debts and liabilities.

**ADMINISTRATOR.**—The Administrator of the estate of F. Kiehn, deceased, gives notice to all the creditors of said estate, to present their claims for approval and allowance.

**MINUTE CLERK.**—We are pleased to learn that Mr. C. E. Barnes, of La Porte, was the successful candidate before the caucus of the Union members of the Senate, for the nomination of Minute Clerk of that body.

**COURT.**—County Court was in session on Saturday last. A jury trial was had in the case of Smith vs. Pettenger & Cornell, on appeal from the J. P. Court of Indian Valley. The jury reversed the decision of Esq. Blood, and found a verdict in favor of the appellants.

**NOTICE.**—The County Auditor, under date of December 9th, gives notice that the Delinquent Tax List for the year 1867 is now in his hands, and unless the taxes are paid to the County Treasurer within twenty days from that date, action will be commenced by the District Attorney for the collection of such tax and costs.

**CHALLENGE.**—EDITOR QUINCY UNION:—Dear Sir: The "honest miners" of this place have two "Game Cocks," with which they banter any two cocks in Plumas county, regardless of size, age or color, for fifty dollars a side, each. They will also match any cock, of any weight, for twenty or twenty-five dollars a side. The attention of the Quincy sports, is especially called to this banter. Fights to take place on New Year's day, at Baugh's Saloon, Crescent Mills. For particulars address, Thos. Peard, Crescent Mills, Dec. 4th, 1867.

**MOUNTAIN HOUSE.**—A correspondent informs us that the owners have repaired the Plumas ditch, and that it is in better condition and will furnish more water than it has for years. A number of Co's are ready to commence piping. The coming season promises to be a lively one in the Mountain House District. Mrs. Atwood has taken possession of the Mountain House No. 2, has had it repaired, and will keep it open for the accommodation of the public. The cabin of V. J. Wilson was entered by means of false keys, a short time since, and several articles of value, clothing, provisions, &c., stolen.

**EARTHQUAKE.**—A correspondent writing from La Porte, (and one who has heard from others) states that a severe shock of an earthquake was felt at La Porte on the night of the 1st inst., at twenty-five minutes to one o'clock, and lasted four or five seconds. The shock was preceded by a rumbling noise, similar to a distant peal of thunder. Some who were up at that late hour, had the benefit of a good "shake," while others were aroused from a sound sleep so great was the shock. It cracked the walls of the Alturas block, and several articles were thrown from the shelves in Thomas' Store, but no serious damage was incurred. A very slight repetition was felt about an hour after the first shock.

**GRANITE BASIN.**—We received a call from Mr. E. M. Sparks, of the Halstead & Sparks quartz mill at Granite Basin. They have made one or two successful runs since completing their mill, and realized in bars, half an ounce to the ton of rock. It is expected that the sulphurets will yield as much more. The result establishes the fact that Granite Basin is a rich mining district, of an abundance of quartz. Owing to the fact that Messrs. Halstead & Sparks' ledge is not yet prepared for mining, they have leased their mill to the owners of the famous Jenny Ledge, for the winter. The latter company will immediately set the mill to work on their ledge, and we shall expect to hear of further good results. A new shaft is to be sunk on the Halstead & Sparks ledge. Granite Basin is the country that is to excel the Grass Valley region in mineral wealth. Black rock is no where in comparison, and might as well be in Fryberg, if its ores cannot be successfully worked elsewhere.—[Butte Record.]

D. 1868, with John Conly & Co., Bankers, at La Porte Plumas Co., Cal., as a forfeit for a snow shoe race to take place over the La Porte snow shoe track any time after the 1st day of February, good day and good track. Distance of race immaterial, from a quarter of a mile to ten miles will suit the club.

## Water Ditch Notice.

KNOW ALL MEN BY THESE PRESENTS that I hereby notify all men from damaging or trespassing on, or cutting down the banks of any ditch, or running tailings into the same.—The said ditch conveys water from Union Valley Creek to Richmond Hill for mining purposes. I claim and own the original right to the surplus water below the ditch known as Doe. Hawker & Co's ditch. This right is claimed and has been since 1854, by O'Neil & Co. This ditch also takes water out of Little Union Valley Flat, situated on the South side of Union Valley Creek. The extension of this ditch runs south-west five hundred and fifty rods, more or less, to Cement Ravine. The dimensions of this ditch, when finished, will be two feet wide at the bottom, and four feet wide at the top, and two feet deep.

MARTIN HOGAN.
